**Free confidential
advice and information for
carers of all ages**

**Dementia
Support**

Are you caring for someone with dementia, who either lives with you or elsewhere?

Looking after someone with dementia can take more and more of your time.

You may be finding it difficult to come to terms with a diagnosis of dementia.

You may not know who to ask when you need information or advice about living with dementia.

Perhaps you need to find out about the services available to you or the person you care for.

You may need a supportive listener on the other end of the phone.

Our Dementia Support worker can provide free, confidential advice and emotional support to people with dementia and their carers if both / either of you live in South Staffs.

Home Visits are offered.

Assistance with assessment of needs.

Benefits advice available along with help in completing forms.

Information is also available about other services in your area.

We can put you in touch with support groups, learning and leisure activities and drop-ins.

Want to know more?

Please do not hesitate to contact us if you feel we may be able to help you.

You can contact the Dementia Support Worker by phone on
